

Buoyant Solutions, Inc. Grows Government Business with FedResults, added to FedResults GSA IT 70 Schedule Contract

Herndon, VA 4/30/2010 - FedResults, Inc. the premier provider of Government business development services and Buoyant Solutions, Inc. a leading provider of ITIL Service Management solutions, and third-party business service management (BSM) tools for the BMC Remedy platform today announced that Buoyant Solutions end-to-end enterprise solutions is now accessible for government procurement under the FedResults' IT70 GSA schedule.

'Buoyant Solutions bundled offerings include a fully customizable, data-driven, solution suite that matches customer-specific business requirements. This truly expands the breath of our GSA schedule offerings and provides government customers expanded choices. We see Buoyant as a clear alternative for our government customers seeking business service management (BSM) tools. Clearly a timely offering worth looking as budgets are reviewed and scrutinized' stated Bob Dinkel, President & COO of FedResults. As the demand for federal sector business grows, FedResults continues to expand its offerings for information technology (15+ clients) and other areas deemed strategic to business growth in the government.

"As our global business expands, we see the government sector as major growth segment for Buoyant and look forward to working with the FedResults team and the many years of experience they bring to the table. With a proven track record, organizations like Sandia National labs, Novartis, and others have taken full advantage of the benefits our solution set offers. In this economy our customers are driven by return on investment (ROI). Our Enterprise Service Suite at Work offers real value in the BSM marketplace." according to Glidden Calden, CEO Buoyant Solutions, Inc. With the administrations mandate on transparency and cost savings (do more with less), we are now well positioned to take advantage of this growing government (Federal & S&L) segment.

About GSA

Founded in 1949, GSA serves as a centralized procurement and property management agency for the federal government. GSA manages more than one-fourth of the government's total procurement dollars and influences the management of \$500 billion in federal assets, including 8,300 government-owned or leased buildings and 205,000 vehicles. GSA helps preserve our past and define our future, as a steward of more than 420 historic properties, and as manager of USA.gov, the official portal to federal government information and services. GSA's mission to provide superior workplaces, expert technology solutions, acquisition services, purchasing, and E-Gov travel solutions and management policies, at best value, allows federal agencies to focus on their core missions. www.gsa.gov

About FedResults

FedResults offers companies a comprehensive approach for increasing their sales of commercial based technologies and services to federal agencies. By combining its experience, knowledge of the federal procurement process with its acumen in creating business and sales strategies, and the backing of venture capitalists at Monumental Venture Partners (www.mvpfunds.com), the company has built substantial credentials as a cost-effective alternative for successful business development and sales.
